Dear Reader,

The current issue of the International Journal of Research in Business Studies (IJRBS) is devoted to the world of knowledge. It includes 6 research papers, selected and invited to the 6<sup>th</sup> International Conference of Research in Business, held on 20<sup>th</sup> June 2021, conducted virtually.

The journal established in March 2016 has published 12 issues now. The crest and trough of 6 years' journey of organizing conferences and publications have been worth contributing to the multidisciplinary domain of academia.

The enduring efforts and contributions of the editorial board during the whole process of selection and publication are much appreciated. Their valuable suggestions, on-time guidance, and knowledge sharing with the team have contributed a lot to the growth of IJRBS.

We strive to make this journal more focused, useful, and thorough with each publication. The cherishing feedbacks and suggestions are the fuel to move forwards, hence are highly solicited.
